Part III REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose, teach or suggest the claimed limitations of (in combination with all other limitations in the claim), a method of determining whether a storage unit included in an ink cartridge is normal, wherein the ink cartridge is configured to be detachably attached to a printer, the method comprising the steps of: (a) reading a piece of decision information that has been registered in advance in a predetermined format, from the storage unit; and (b) identifying whether the read-out piece of decision information satisfies the predetermined format, so as to determine whether the storage unit is normal, wherein the step (b) determines that the storage unit is not normal in the case where the read-out piece of decision information does not satisfy the predetermined format, wherein the step (b) uses a piece of information relating to a month of manufacture of the ink cartridge as the piece of decision information, wherein the piece of information relating to the month of manufacture of the ink cartridge is expressed by a data length of four bits, and the step (b) determines that the storage unit is not normal in the case where all the four bits have an identical digit, that is, either one of '0' and '1' as claimed in claim 6. Similar features are claimed in claims 16, 23, and 25. Therefore, claims 16, 23, and 25 are allowable for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
